It is illegal to run your sump pump into the sanitary sewer. Those found in violation may be fined.

Just a reminder that there is to be no open burning of leaves, brush, or garbage in the Village. Please use the roadside pick-up and recycle center to dispose of your yard waste.

**Garbage/ Recycling Guidelines**

Please ensure that your trash and recycling bins are placed at least 3 feet apart allowing GFL Environmental enough room to grab your bin properly with the arm of the disposal truck. It is often easiest to place your bins one on each side of your driveway. Additionally, our regular driver (not our fill in drivers) will often place your bins where he would like you to place them for him. Take a look at the placement of your bin after a pick up. It may give you an idea of how our driver would like your bins placed. If you have questions, please contact the Municipal Building.
